

Addendum #3

This addendum publishes the responses to the Follow-Up Written Questions period. Respondents are expected to account for these responses in their proposals.

In the attached responses, when Respondents is referenced, it pertains to all vendors submitting a proposal, and when Selected Vendor is referenced, it pertains only to the vendor that is invited to begin negotiations with NYCERS.

As part of this addendum, a revised Technical Proposal Template (Template E) and Cost Proposal Template (Template F) has been issued. It is available in the NYCERS procurement portal (nycers.procurement.com). Respondents must use this revised template with their proposals.
